

2 March 1967

MEMORANDUM FOR THE RECORD

Admiral Raborn called the Director and asked for assistance in answering questions which Newsday, via Bill Moyers, would like him to answer regarding the NSA flap. I went to Admiral Raborn's office and gave him the original of the attached.

We discussed every question on the list, including the ones which we had deliberately not answered. The written answers were provided by CA Staff and had been read by Tom Karamessines.
